

Privacy Policy

DGRM.net

Collection of personal data

DGRM.net collects customers generated content - schemes. The customers can delete their content at any time.

Using personal data

DGRM.net displays customers generated content (schemes) on customers' devices (PC, mobile, tablet). DGRM.net uses SSL to encrypt the data channel for customers' devices, so network providers cannot access customers' data.

Cookies information

DGRM.net uses authentication cookies to enable customers to sign in.
